## A BILL

To provide for the exchange of certain land located in the Arapaho-Roosevelt National Forests in the State of Colorado, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Sugar Loaf Fire Pro-  
5 tection District Land Exchange Act of 2009”.

6 **SEC. 2. FINDINGS.**

7 Congress finds that—

8 (1) since 1967, the Sugar Loaf Fire Protection  
9 District, located west of Boulder, Colorado, has  
10 owned and operated 2 fire stations on National For-

1 est System land pursuant to special use permits  
2 issued by the Forest Service;

3 (2) the District seeks ownership of the land on  
4 which the fire stations are located to enable the Dis-  
5 trict—

6 (A) to establish an area for firefighter  
7 training;

8 (B) to install bathroom facilities in each  
9 fire station; and

10 (C) to expand each fire station in the fu-  
11 ture;

12 (3) the National Forest System land on which  
13 each fire station is located—

14 (A) consists of approximately 5.08 acres;  
15 and

16 (B) is of limited utility for public adminis-  
17 tration, recreation, or any other use because the  
18 land has been occupied by the fire stations for  
19 30 years;

20 (4) the District owns a parcel of non-Federal  
21 land consisting of approximately 5.17 acres that the  
22 District is willing to convey to the United States in  
23 exchange for the parcel of National Forest System  
24 land on which the fire stations are located;

1           (5) the non-Federal land offered by the Dis-  
2        trict—

3           (A) is suitable for addition to the Arapaho-  
4        Roosevelt National Forests; and

5           (B) if conveyed to the United States,  
6        will—

7           (i) eliminate an isolated inholding in  
8        the National Forest System land;

9           (ii) result in administrative cost sav-  
10       ings to the United States by reducing costs  
11       relating to forest boundary administration;  
12       and

13          (iii) provide to the United States envi-  
14       ronmental and public recreational use ben-  
15       efits that will greatly exceed the benefits  
16       provided by the National Forest System  
17       land on which the fire stations are located;  
18       and

19          (6) it is in the public interest to direct, expe-  
20       dite, and facilitate completion of a land exchange in-  
21       volving the Federal and non-Federal land to enable  
22       the District to better provide fire protection services  
23       to—

24          (A) residents of the District;

25          (B) residents of neighboring districts; and

- 1 (C) individuals who travel through—  
2 (i) the District on Colorado Highway  
3 119; and  
4 (ii) National Forest System land that  
5 is located within, or adjacent to, the Dis-  
6 trict.
